Do not supply spot colours or RGB images / text – will be converted on import

If spot colours are required, then please contact a member of the campaign preparation team: our prices are based on 4 colour CMYK

Objects and text should be checked if they need to knock out or overprint. Global are not responsible if specs are not adhered to and artwork is set up incorrectly

Do not use a scale factor on export

Export the template as a PDF with an ICC profile of FOGRA39L and applying the document bleed settings

PDF should be version 1.6 or newer

Copy referrals

Copy referral can take up to 5 days. If artwork is provided on T-17 and it requires referral, then the approved copy would in effect be delivered on T-12 and be considered late, and delivery of the campaign may be affected.

Failure to comply with these deadlines, means that the campaign will be non-compliant and at risk of being under delivered in part or full.
