GLOBAL WILL REFUSE TO ACCEPT ANY DELIVERIES THAT DO NOT CONFORM TO THESE SPECIFICATIONS

DELIVERY DEADLINE AND POSTING CYCLE

Posters must be produced to the exact specification set out below and delivered 14 calendar days before the 'In-charge' date of the campaign. Campaigns are then posted on a 7 calendar day cycle (excluding Bank Holidays) which commences before the 'In-charge' date.

Please note: Global is not liable for compensation claims against any campaign where posters have been received after the delivery deadline. All posters received after the delivery deadline will not be posted until the next available posting cycle for this site type.

COPY APPROVAL

Before posting can commence, every London Underground campaign must be submitted to Global for copy approval. This is to ensure that the Codes of Practice outlined by our franchise partner are being upheld. See *Copy Approval* on page 4.

DISPLAY AREA

For all site types that are fixed into frames, the specification will give the Overall Size and the Display Area. Please keep all important text and images within the Display Area but feel free to bleed the background colours/images up to the Overall Size. Please be aware that if an artwork has text that has been created to the Display Area it will butt-up to the frame. If this is not the desired effect then please move the text even further inside the Display Area.

Please note: **Global strongly recommends that you do not use the frame as a 'cropping device' for corporate logos as 100% accuracy cannot be guaranteed.**

MATERIALS

Posters will not be accepted if printed on any photographic or vinyl materials. Global will also refuse to accept any posters that have been laminated or encapsulated as neither of these processes conform to the required fire regulations.

Supply on 120-135gsm cartridge paper, coated on both sides.

For improved display on illuminated sites, the design can be printed in reverse on the back.

DIGITAL PRINTING

In the interest of producing a good quality illuminated display, please choose a digital printing method that will give a good depth of colour, as some prints can look pale and washed-out when back-lit. Please contact the Global Production Department on 020 7482 3000 for further advice.

SPARE POSTERS

Global will always require additional 'spare' posters to refurbish campaigns. All campaigns must include 10% spares.

For a campaign of fewer than 20 sites, contact Global Customer Service on 020 7482 3000 for the quantity of posters to be produced.

TRIMMING

Posters must be trimmed to the exact Overall Size.

POSTER COLLATION AND PACKING

Please deliver posters rolled and wrapped in packages of no more than 100. Posters delivered in this way will be accepted on pallets.

When delivering on pallets, please note that Global will only accept one design per pallet.

Due to Health & Safety requirements, no metal strapping can be used on pallets. Please use only plastic strapping.

Every package must be clearly identified as 4 Sheets Illuminated.

QUALITY ASSURANCE DOCUMENTATION

All deliveries will require documentation giving details of Quality Assurance Checks. This must clearly identify the following information: campaign reference(s), paper stock, paper weight, print method, ink

details, drying method and the dimensions of the finished posters. Global will also require the name of the person who carried out the Quality Assurance Checks for that particular consignment.

Every consignment of posters delivered must have a Delivery Note attached, indicating the following:
